SOLVENTRAK – The rising price of acetonitrile means there has never been a better time to save money by recycling your HPLC solvent. SolventTrak is a solvent conservation system designed to recycle uncontaminated solvents used in isocratic HPLC systems – it can recover up to 90% of solvent for re-use, thus saving you on the cost of ordering more solvents and also reducing the need for solvent disposal. SolventTrak can recycle enough solvent to pay for itself within two months!

SolventTrak Solvent Recycler **\$2,760-00**

Cleanup Valve **\$330-00**
